

Session Program

23-25 May 2022

Frontiers in Nuclear Structure Theory

Tuesday morning 1

Tuesday 24 May

09:00

Tuesday morning 1

Session | **Location:** FD5, AlbaNova University center

09:00–09:35

Mirror symmetry breaking in nuclei near driplines (zoom)

Speaker

Furong Xu

09:35–10:10

Shape Changes in Mirror Nuclei (zoom)

Speaker

Kathrin Wimmer

10:10–10:45

Emerging concepts in nuclear structure based on the shell model (zoom)

Speaker

Takaharu Otsuka

10:45
