

Session Program

23-25 May 2022

Frontiers in Nuclear Structure Theory

Tuesday morning 2

Tuesday 24 May

11:15

Tuesday morning 2

Session | **Location:** FD5, AlbaNova University center

11:15-11:50

The role of the nuclear radius in Mirror energy differences (zoom)

Speaker

Silvia Lenzi

11:50-12:25

Beta decay of proton rich $T_z=-2$ nuclei

Speaker

Berta Rubio

12:25
