

Session Program

23-25 May 2022

Frontiers in Nuclear Structure Theory

Tuesday afternoon

Tuesday 24 May

13:30

Tuesday afternoon

Session | **Location:** FD5, AlbaNova University center | **Convener:** Ayse Nyberg

13:30–14:05

The symmetry structure of octupole phonons in nuclei (zoom)

Speaker

Piet van Isacker

14:05–14:40

Nuclear structure aspects in the 100Sn region

Speaker

Magda Gorska

14:40–15:15

Neutron-proton pairing through transfer reactions (zoom)

Speaker

Marlène Assié

15:15

15:45

Tuesday afternoon

Session | **Location:** FD5, AlbaNova University center

15:45–16:20

Density Functional Theory for Nuclear Reactions

Speaker

Piotr Magierski

16:20
