

## **Session Program**

**16-20 Jan 2017**

# **III Saha Theory Workshop: Aspects of Early Universe Cosmology**

## ***Thursday Morning Session***

Saha Institute of Nuclear Physics, Auditorium  
Sector - 1, Block - AF Bidhan Nagar, Kolkata- 700064 , India Website: <http://www.saha.ac.in/>

# Thursday 19 January

09:30

## Thursday Morning Session

**Session** |**Location:** Saha Institute of Nuclear Physics, Auditorium, Sector - 1, Block - AF Bidhan Nagar, Kolkata- 700064 , India**Website:** <http://www.saha.ac.in/> |**Convener:** Amit Ghosh

09:30–10:05

### Gravity Stabilizes Itself

**Speaker**

Soumitra Sengupta

10:05–10:40

### Supergravity models consistent with LHC and Inflation

**Speaker**

Subhendra Mohanty

10:40–10:55

### Unreachable points in cosmological evolution in polynomial $f(R)$ gravity

**Speaker**

Kaushik Bhattacharya

10:55
