

10th International Conference on Gravitation and Cosmology: New
Horizons and Singularities in Gravity (ICGC 2023)

Contribution ID: 497

Type: **not specified**

**Bayesian framework to infer the Hubble constant
from cross-correlation of individual gravitational
wave events with galaxies**

Saturday 9 December 2023 15:45 (15 minutes)

Presenter: Mr GHOSH, Tathagata (Inter-University Centre for Astronomy and Astrophysics)

Session Classification: Workshop on Gravitational Waves
