

PITT PACC Workshop: Non-Standard Cosmological Epochs and Expansion Histories

Contribution ID: 10

Type: **not specified**

Block VIII: Cosmological Stasis - Presentation

Saturday 7 September 2024 09:00 (30 minutes)

Co-Discussion Leaders: Fei Huang

This block is focused on cosmological stasis, its realizations within the context of particular scenarios beyond the Standard Model, and its potential observational consequences.

Presenter: HUANG, Fei (ITP CAS and UC Irvine)
