Searches for supersymmetric dark matter candidates and long-lived particles with the ATLAS experiment

Friday 11 August 2017 17:00 (15 minutes)

Will cover searches for neutralinos and electroweakinos.

Author: FARINA, Edoardo Maria (Universita e INFN, Pavia (IT))

Presenter: FARINA, Edoardo Maria (Universita e INFN, Pavia (IT))

Session Classification: Particle physics

Track Classification: Particle physics (energy frontier, intensity/precision frontier, other theory)
