

Session Program

13-14 Oct 2018

Particle Physics on the Plains 2018

LHC Phenomenology I

University of Kansas, 1160 Integrated Science Building
Department of Physics & Astronomy University of Kansas Malott Hall Lawrence, KS

Saturday 13 October

15:50

LHC Phenomenology I

Session |
Location: University of Kansas, 1160 Integrated Science Building, Department of Physics & Astronomy University of Kansas Malott Hall Lawrence, KS |
Convener: Peisi Huang

15:50–16:10

Flavor Changing Heavy Higgs Interactions with Leptons at Hadron Colliders

Speaker
Mr Rishabh Jain

16:10–16:30

Hunting for Maverick Top Partners

Speaker
Jeong Han Kim

16:30–16:50

Shedding Light on Top Partner at the LHC

Speaker
Haider Alhazmi

16:50–17:10

GeV scale messengers of Planck Scale Dark Matter.

Speaker
Gopolang Mohlabeng

17:25
