### **Session Program**

#### 12-13 Oct 2019

# **Particle Physics on the Plains 2019**

# Flavor

University of Kansas, 2048 Mallot Hall Department of Physics & Astronomy University of Kansas Lawrence, KS

## Sunday 13 October

KS	ersity of Kansas, 2048 Mallot Hall, Department of Physics & Astronomy University of Kansas Lawr
<b>Convener:</b> Kala	New Fermions and the One-Loop Effective Action
<b>Speaker</b> Andrei Angeles	
00.20 00.40	
-	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge
Distinguish Scalars at I	
Distinguish	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge
Distinguish Scalars at I Speaker Fang Xu	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge Future Lepton Colliders
Distinguish Scalars at I Speaker Fang Xu 09:40-10:00	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge Future Lepton Colliders
Distinguish Scalars at I Speaker Fang Xu 09:40-10:00 Speaker	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge Future Lepton Colliders Probing a Light Leptonic Scalar at the LHC
Distinguish Scalars at I Speaker Fang Xu 09:40-10:00	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge Future Lepton Colliders Probing a Light Leptonic Scalar at the LHC
Distinguish Scalars at I Speaker Fang Xu 09:40-10:00 Speaker	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge Future Lepton Colliders Probing a Light Leptonic Scalar at the LHC
Distinguish Scalars at I Speaker Fang Xu 09:40-10:00 Speaker Dr Yongchao Z	ing Lepton Flavor Violating Signals from Neutral and Doubly-Charge Future Lepton Colliders Probing a Light Leptonic Scalar at the LHC
