

The Mitchell Conference on Collider, Dark Matter, and Neutrino Physics  
2019

Contribution ID: 52

Type: **not specified**

## Seeing the Light of Dark Matter

*Thursday 16 May 2019 14:20 (25 minutes)*

Repurposing large underground detectors to search  
for the photon signal of inelastic dark matter

### Preferred Session

### Comments

**Presenter:** KRIBS, Graham

**Session Classification:** Dark Matter
