

Session Program

9-13 Jan 2023

8th International Conference on High Energy Physics in the LHC Era

Parallel Session G

Universidad Técnica Federico Santa María, Building T
Avda. España 1680, Valparaíso, Chile

Thursday 12 January

14:30

Parallel Session G: Higgs Physics

Session | **Location:** Universidad Tecnica Federico Santa Maria, Room C226, Building C

14:30–14:50 **DiHiggs Production Searches with ATLAS**

Speaker
Edson Carquin Lopez

14:50–15:10
Measurements of Higgs boson production and decay rates and their interpretation with the ATLAS experiment

Speaker
Mark Andrew Owen

15:10–15:30 **Measurements of Higgs boson properties with the ATLAS detector**

Speaker
José Ocariz

15:30–15:50 **Searching for additional Higgs bosons at ATLAS**

Speaker
Anna Ivina

15:50
