

Session Program

9-13 Jan 2023

8th International Conference on High Energy Physics in the LHC Era

Plenary session Tuesday Morning 2

Universidad Técnica Federico Santa María, Building T
Avda. España 1680, Valparaíso, Chile

Tuesday 10 January

10:45

Plenary session Tuesday Morning 2

Session | **Location:** Universidad Técnica Federico Santa María, Building T, Avda. España 1680, Valparaíso, Chile | **Convener:** Antonio Enrique Cárcamo Hernández

10:45-11:20

S3 as a modular symmetry: consequences in the quark and Higgs sectors

Speaker

Myriam Mondragon

11:20-11:55

Nucleon Structure Functions at Large x

Speaker

Prof. Sebastian Kuhn

11:55-12:30

QED Corrections to Azimuthal Asymmetries of SIDIS Cross sections

Speaker

Andrei Afanasev

12:30-13:05

GlueX - looking for exotic mesons with polarized photons

Speaker

Naomi Jarvis

13:05
