

**Session Program**

**9-13 Jan 2023**

**8th International Conference on High Energy  
Physics in the LHC Era**

***Plenary session Thursday Morning 2***

Universidad Técnica Federico Santa María, Building T  
Avda. España 1680, Valparaíso, Chile

# Wednesday 11 January

10:45

## Plenary session Thursday Morning 2

**Session** | **Location:** Universidad Técnica Federico Santa María, Building T, Avda. España 1680, Valparaíso, Chile | **Convener:** Boris Kopeliovich

10:45-11:20

### Diagrammatica: Systematic deconstruction of EFT operators

**Speaker**

Martin Hirsch

11:20-11:55

### Some novel QCD results

**Speaker**

Ivan Schmidt

11:55-12:30

### Probing the non-standard neutrino interactions using quantum statistics

**Speaker**

Prof. Choong Sun Kim

12:30-13:05

### COMPASS physics programme: highlights and recent results

**Speaker**

Fulvio Tassarotto

13:05
