

Session Program

9-13 Jan 2023

**8th International Conference on High Energy
Physics in the LHC Era**

Plenary session Friday Morning 1

Universidad Técnica Federico Santa María, Building T
Avda. España 1680, Valparaíso, Chile

Thursday 12 January

08:30

Plenary session Friday Morning 1

Session | **Location:** Universidad Técnica Federico Santa María, Building T, Avda. España 1680, Valparaíso, Chile | **Convener:** Carlos Sebastian Contreras Hidalgo

08:30–09:05 QED Fermions in a noisy magnetic field background

Speaker

Prof. Marcelo Loewe

09:05–09:40 neutrino physics update

Speaker

Jose Valle

09:40–10:15 Long-lived Heavy Neutral Leptons at the LHC

Speaker

Giovanna Cottin

10:15
