

Session Program

2-6 Dec 2024

**9th ComHEP: Colombian Meeting on High
Energy Physics**

Hadron and Flavour Physics

Tuesday 3 December

09:00

Hadron and Flavour Physics

Session | **Location:** Auditorio Edificio Tecnológico | **Convener:** Carlos Vera

09:00–10:00

Internal Structure of Hadrons - Understand Strong Interactions and the Standard Model

Speaker

Prof. Adnan Bashir

10:00–10:30

Break

10:30–11:30

Transverse distribution functions and jet fragmentation functions**Speaker**

Prof. Bruno El-Bennich

11:30–12:30

Hadron spectroscopy in lattice QCD: basics and some recent developments

12:30
