

Session Program

18-24 May 2023

1st ESSNuSB+ WP5 in-person Workshop

Summary and future plans

Institute of Nuclear & Particle Physics
Papatsoni 4, Kalamata, Peloponnese Greece

Wednesday 24 May

10:00

Summary and future plans: Summary and future plans

Session | **Location:** Institute of Nuclear & Particle Physics, Papatsoni 4, Kalamata, Peloponnese Greece |
Conveners: Monojit Ghosh, Budimir Klicek

10:00–10:20 **Summary and far detector**

Speaker
Budimir Klicek

10:20–10:50 **Summary of the lemon-D detector and statistical model**

Speakers
Georgios Fanourakis, Spyros Tzamarias

10:50–11:10 **Summary of phenomenological study**

Speaker
Monojit Ghosh

11:10–11:30 **Summary of sterile neutrinos at near detectors**

Speaker
Alessio Giarnetti

17:00
