

PHAROS Conference 2020: The multi-messenger physics and astrophysics of neutron stars

Contribution ID: 139

Type: **Oral Presentation**

New results on magnetar outbursts: the Galactic center magnetar and other outliers

Monday 30 March 2020 11:30 (15 minutes)

We will present new constraints on the physics of magnetar outbursts from recent observations of peculiar events, among which the long-term evolution of the Galactic center magnetar.
