

Session Program

26-28 Feb 2019

PARTICLEFACE 2019

Session 4

Department of Physics (University of Coimbra), Room E10B

Tuesday 26 February

16:30

Session 4

Session | **Location:** Department of Physics (University of Coimbra), Room E10B

16:30–17:00 **New results on splitting functions in QCD at four- and five loops**

Speaker

Sven-Olaf Moch

17:00–17:30 **Perturbative Calculations for the Z-Penguin**

Speaker

Martin Gorbahn

17:30–18:00

Next-to-leading power corrections to Drell-Yan and prompt photon production

Speaker

Eric Laenen

18:00–18:30 **On the μ -scattering at two loops**

Speaker

William Javier Torres Bobadilla

18:30
