

Session Program

23-25 Jul 2023

PhD School on
QCD in Extreme Conditions

PhD School on QCD in Extreme Conditions

***Knowns about QCD phases and prospects about
dense QCD matter***

Department of Physics (University of Coimbra), Room E.10A

Sunday 23 July

14:00

Knowns about QCD phases and prospects about dense QCD matter: Part I

Session | **Location:** Department of Physics (University of Coimbra), Room E.10A | **Convener:** Kenji Fukushima

14:00-15:30

Knowns about QCD phases and prospects about dense QCD matter - Part I

Speaker

Kenji Fukushima

15:30

Monday 24 July

10:30

Knowns about QCD phases and prospects about dense QCD matter: Part II

Session | **Location:** Department of Physics (University of Coimbra), Room E.10A | **Convener:** Kenji Fukushima

10:30-12:00

Knowns about QCD phases and prospects about dense QCD matter - Part II

Speaker

Kenji Fukushima

12:00

Tuesday 25 July

08:30

Knowns about QCD phases and prospects about dense QCD matter: Part III

Session | **Location:** Department of Physics (University of Coimbra), Room E.10A | **Convener:** Kenji Fukushima

08:30-10:00

Knowns about QCD phases and prospects about dense QCD matter - Part III

Speaker

Kenji Fukushima

10:00
