

Detection and Dynamics of Exoplanets (DDE): Interplay between theory and observations

Contribution ID: 51

Type: **not specified**

Planets in binary systems

Wednesday 9 July 2025 09:00 (30 minutes)

I will review the detection methods and properties of observed exoplanets in binary star systems and how those are helpful to tease out certain physical processes during planet formation.

Presenter: TRIAUD, Amaury (University of Birmingham)

Session Classification: Planets in binary systems
