

Session Program

21-25 Sept 2020

Workshop on Compact Objects, Gravitational Waves and Deep Learning

Hands-On

University of Aveiro

Monday 21 September

14:00

Hands-On

Session | **Location:** University of Aveiro

14:00–15:00 **Black Holes and Exotic Compact Objects (Hands-On)**

Speaker

Alexandre Pombo

15:00–16:00 **Machine Learning (Hands-On)**

Speaker

Felipe Ferreira de Freitas

16:00

Tuesday 22 September

14:00

Hands-On

Session | **Location:** University of Aveiro

14:00–15:00 **Black Holes and Exotic Compact Objects (Hands-On)**

Speaker

Alexandre Pombo

15:00–16:00 **Machine Learning (Hands-On)**

Speaker

Felipe Ferreira de Freitas

16:00

Thursday 24 September

14:00

Hands-On

Session | **Location:** University of Aveiro

14:00–15:00

Black Holes and Exotic Compact Objects (Hands-On)

Speaker

Jorge Delgado

15:00–16:00

Gravitational Waves: From Theory to Numerical Simulations (Hands-On)

Speaker

Nicolas Sanchis-Gual

16:00–17:00

Machine Learning (Hands-On)

Speaker

Felipe Ferreira de Freitas

17:00

Friday 25 September

14:00

Hands-On

Session | **Location:** University of Aveiro

14:00–15:00

Black Holes and Exotic Compact Objects (Hands-On)

Speaker

Jorge Delgado

15:00–16:00

Gravitational Waves: From Theory to Numerical Simulations (Hands-On)

Speaker

Nicolas Sanchis-Gual

16:00–17:00

Machine Learning (Hands-On)

Speaker

Felipe Ferreira de Freitas

17:00
