

## **Session Program**

**21-25 Sept 2020**

# **Workshop on Compact Objects, Gravitational Waves and Deep Learning**

## ***Gravitational Waves***

University of Aveiro

# Monday 21 September

10:15

## Gravitational Waves

**Session** | **Location:** University of Aveiro | **Convener:** Nicolás Sanchis-Gual

11:15

10:15-11:15

### Introduction to gravitational waves: from theory to numerical simulations

**Speaker**

Nicolás Sanchis-Gual

## Tuesday 22 September

10:15

### Gravitational Waves

**Session** | **Location:** University of Aveiro | **Convener:** Nicolas Sanchis-Gual

10:15-11:15

#### Introduction to gravitational waves: from theory to numerical simulations

**Speaker**

Nicolas Sanchis-Gual

11:15

## Wednesday 23 September

10:15

### Gravitational Waves

**Session** | **Location:** University of Aveiro | **Convener:** Nicolás Sanchis Gual

11:15

10:15-11:15

#### Introduction to gravitational waves: from theory to numerical simulations

**Speaker**

Nicolás Sanchis-Gual

# Thursday 24 September

10:15

11:15

## Gravitational Waves

**Session** | **Location:** University of Aveiro | **Convener:** Nicolas Sanchis-Gual

10:15-11:15

### Introduction to gravitational waves: from theory to numerical simulations

**Speaker**

Nicolas Sanchis-Gual

## Friday 25 September

10:15

### Gravitational Waves

**Session** | **Location:** University of Aveiro | **Convener:** Nicolas Sanchis-Gual

10:15-11:15

#### Introduction to gravitational waves: from theory to numerical simulations

**Speaker**

Nicolas Sanchis-Gual

11:15
