

## Session Program

9 July 2021

## MAP-Fis Research Conference

### *Materials Science*

University of Minho, University of Aveiro, University of Porto

Friday 9 July

11:00

Materials Science

Session | Location: University of Minho, University of Aveiro, University of Porto

11:00-11:20 Conformal Regge Theory at higher points

Speaker  
Aaditya Salgarkar

11:20-11:40 Conformal Bootstrap near the Edge

Speaker  
António Antunes

11:40-12:00  
Band Spectrum Deformation due to Small Clusters of Atomic-Sized Impurities in Dirac-Weyl Semimetals

Speaker  
João Pedro dos Santos Pires

12:00-12:20  
Emergent correlated electronic phases in van der Waals heterostructures

Speaker  
Gonçalo Catarina

12:20-12:40 Phenomenology of Composite Higgs Models

Speaker  
Guilherme Guedes

12:40
