

## **Session Program**

**19-20 Dec 2022**

# **XV Black Holes Workshop**

## ***Session 8 B***

ISCTE - University Institute of Lisbon

## Tuesday 20 December

16:30

### Session 8 B: chaired by J. Lemos

Session | Location: ISCTE-IUL, Auditório B2.03

16:30-16:45

**O. Zaslavskii: Radially moving frames and flows under the black hole horizon**

16:45-17:00

**D. Silva: Signatures of spherically symmetric distributions of dust**

17:00-17:15

**J. Delgado: Epicyclic frequencies for a generic ultracompact object**

17:15-17:30

**C. Caputo: Geodesic chaos-stationary case**

17:30-17:45

**J. Redondo Yuste: Binaries in a box**

17:45-18:00

**J. Novo: Circular orbits from 2D effective metrics**

18:00
