Leading European Universities Research Unit
The European Commission has selected the Leading European Universities Research Unit (LEU) as the main research infrastructure for the Horizon 2020 programme. The LEU will support the research activities of leading European universities and research centres, and will provide a platform for the development of new research projects and the promotion of research excellence.

Last but not least, *Let's fill the Wikipedia Gender Gap*. We organise conferences and workshops: to teach the contribution techniques and to publish articles on wellknown Swiss women. Next step: female scientists.

o Thank you very much!!!
