

Session Program

Mar 17 - 21, 2019

Extreme Precision in Radial Velocity IV

Stellar signal 2

Sunstar Hotel, Grindelwald, Switzerland
Dorfstrasse 168, 3818 Grindelwald Switzerland

Mon, March 18

11:00 AM

Stellar signal 2: (Chair: Debra Fischer)

Session | **Location:** Sunstar Hotel, Grindelwald, Switzerland, Dorfstrasse 168, 3818 Grindelwald Switzerland

11:00 - 11:20 AM

Extremely Precise Radial Velocities: From Periodic Signals to Planet Detections

Speaker

Prof. Andreas Quirrenbach

11:20 - 11:40 AM

Reconciling the planetary interpretation of the radial velocity super-Earth K2-18c

Speaker

Mr Ryan Cloutier

11:40 AM - 12:00 PM

FIESTA: new technique to parametrize stellar variability

Speaker

Jinglin Zhao

12:00 - 12:30 PM

Discussion: Stellar activity

12:30 PM
