European Research Council (ERC) information session

Tuesday 14 January 2025 18:00 (1 hour)

The European Research Council's mission is to encourage the highest quality research in Europe through competitive funding and to support investigator-driven frontier research across all fields, based on scientific excellence. I will give an overview of the ERC programme and its funding opportunities, open to researchers of any nationality and age. The session will provide insights into the evaluation and selection processes, focusing on details of particular interest for mathematicians and mathematical physicists. Discussion with the audience and Q&A will be encouraged.

Presenter: VAZQUEZ MOLINA, Joan
