# The Steinberg module and the Church–Farb–Putman conjecture

*Monday 9 June 2025 17:00 (50 minutes)*

In this talk, I will introduce the Steinberg module, and describe its relationship to a conjecture of Church–Farb–Putman on the high-degree rational cohomology of $SL_n(Z)$. The talk will feature work joint with Benjamin Brück, Jeremy Miller, Peter Patzt, and Robin Sroka.
