

Session Program

15-20 Jun 2025

2025 SCGCS School -Topological Symmetries and Defects in Quantum Field Theory

***Tudor Dimofte: Representation theory of
extended operators: Tannaka duality and
Koszul duality in QFT***

SRS

Hotel Les Sources Chemin du Vernex 9 1865 Les Diablerets Switzerland

Wednesday 18 June

11:30

12:30

Tudor Dimofte: Representation theory of extended operators: Tannaka duality and Koszul duality in QFT

Session | **Location:** SRS, Hotel Les Sources Chemin du Vernex 9 1865 Les Diablerets Switzerland

Thursday 19 June

09:00

10:00

10:30

11:30

Tudor Dimofte: Representation theory of extended operators: Tannaka duality and Koszul duality in QFT

Session | **Location:** SRS, Hotel Les Sources Chemin du Vernex 9 1865 Les Diablerets Switzerland

Tudor Dimofte: Representation theory of extended operators: Tannaka duality and Koszul duality in QFT

Session | **Location:** SRS, Hotel Les Sources Chemin du Vernex 9 1865 Les Diablerets Switzerland

Friday 20 June

10:30

11:30

Tudor Dimofte: Representation theory of extended operators: Tannaka duality and Koszul duality in QFT

Session | **Location:** SRS, Hotel Les Sources Chemin du Vernex 9 1865 Les Diablerets Switzerland
