

## **Session Program**

**7 September 2021**

# **Fostering Swiss collaboration towards a future circular collider - Part 1**

## ***Overview - international perspective***

UniGe, A100 / Sciences II  
30, quai Ernest Ansermet 1205 Genève

## Tuesday 7 September

13:40

### Overview - international perspective

**Session** | **Location:** UniGe, A100 / Sciences II, 30, quai Ernest Ansermet 1205 Genève

13:40-14:05

#### Overview and organisation of physics and performance studies

**Speaker**

Patrizia Azzi

14:15-14:35

#### CMOS detectors for FCCee trackers

**Speaker**

Walter Snoeys

14:40-15:00

#### Timing Detectors for Tracking and PID in the context of FCCee

**Speaker**

Nicolo Cartiglia

15:05-15:25

#### Timing with CMOS in the context of FCCee

**Speaker**

Giuseppe Iacobucci

15:30-15:50

#### The IDEA detector for FCCee and overview on calorimetry

**Speaker**

Franco Bedeschi

15:55
