

## **Session Program**

**25-26 Aug 2022**

# **Fostering Swiss collaboration towards a future circular collider - Part 2**

## ***Physics case studies***

University of Zürich, KOL F117  
University of Zürich, Main Building Rämistrasse 71 8006 Zürich

## Friday 26 August

11:20

### Physics case studies

**Session** | **Location:** University of Zürich, KOL F117, University of Zürich, Main Building Rämistrasse 71 8006 Zürich

11:20–11:35 **Physics case studies at UZH/VUB**

**Speaker**

Eduardo Ploerer

11:40–11:55 **B decays into taus at FCC-ee**

**Speaker**

Xunwu Zuo

12:00–12:15 **Long lived particles at the FCC-ee**

**Speaker**

Anna Sfyrla

12:15–12:16 **Hands-on tutorial on the FCC software at CERN, 19-21 of October**

12:20–12:30 **CHIPP EoI to SERI: FCC physics studies**

**Speakers**

Ben Kilminster, Michele Weber

12:35
