

Session Program

12 October 2023

Particle Physics Day 2023

Morning session

Thursday 12 October

11:00

Morning session

Session | **Convener:** Sami Sakari Rasanen

11:00–11:25 **CMS+TOTEM/PPS experimental overview**

Speaker

Mikko Voutilainen

11:30–11:45 **CMS/TOTEM upgrades**

Speaker

Timo Eero Hilden

11:50–12:05 **Top mass measurements - current status**

Speaker

Mikael Myllymaki

12:10–12:25

Why do we need independent observables to improve our understanding of the QCD matter properties

Speakers

Maxim Mikael Olavi Virta, Maxim Virta

12:30
