

Session Program

6 May 2024

CMS experiment and CMS upgrade project evaluation

CMS experiment project evaluation

Monday 6 May

09:40

CMS experiment project evaluation: CMS experiment project evaluation

Session | Convener: Mikko Voutilainen

09:40-10:10

Electroweak symmetry breaking exploration, deep learning and prompt calibration

Speaker

Henning Kirschenmann

10:10-10:40

New physics searches and triggers

Speaker

Santeri Laurila

10:40-11:10

Precision measurements with jets, jet energy corrections and preparing for HL-LHC exploitation

Speaker

Mikko Voutilainen

11:10-11:40

Discussion

11:40
